

Open Control Panel:

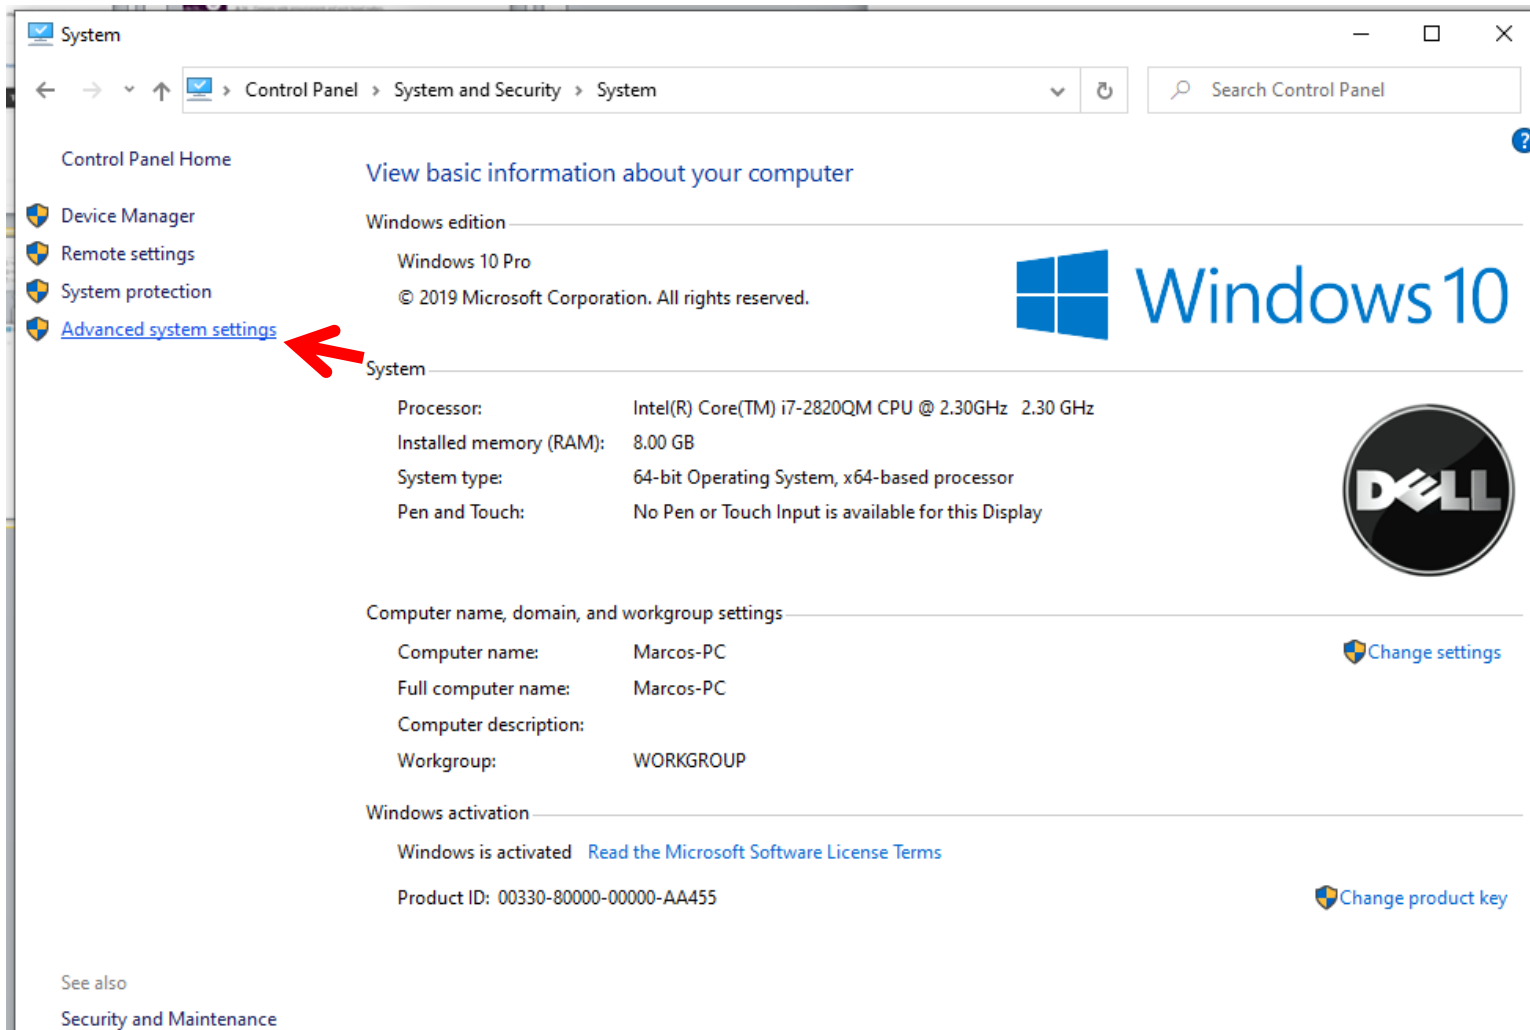

Open System and Security:

Open System:

Open Advanced system settings:

The screenshot shows the Windows 10 'System' control panel window. The left sidebar contains links to 'Device Manager', 'Remote settings', 'System protection', and 'Advanced system settings'. A red arrow points to the 'Advanced system settings' link. The main content area displays system information under the heading 'View basic information about your computer'. This includes the Windows edition (Windows 10 Pro), copyright notice (© 2019 Microsoft Corporation), and system specifications (Processor: Intel(R) Core(TM) i7-2820QM CPU @ 2.30GHz, Installed memory (RAM): 8.00 GB, System type: 64-bit Operating System, x64-based processor, Pen and Touch: No Pen or Touch Input is available for this Display). A Dell logo is visible on the right. Below this, the 'Computer name, domain, and workgroup settings' section shows the computer name as 'Marcos-PC', full computer name as 'Marcos-PC', computer description, and workgroup as 'WORKGROUP'. A 'Change settings' link is provided. The 'Windows activation' section shows that Windows is activated, with a link to 'Read the Microsoft Software License Terms' and the product ID '00330-80000-00000-AA455'. A 'Change product key' link is also present. At the bottom left, there is a 'See also' section with a link to 'Security and Maintenance'.
